
PECFA UPDATE #23

COMMERCE REPORTING IS NOW ONLINE!!

The Wisconsin Department of Commerce (Commerce) has completed its on-line Web-reporting application which is now available on the PECFA website.

As a result of technical difficulties with implementation of the on-line Web-reporting application, access to the application was delayed. Therefore, deadlines stated in the rule for existing sites have been extended as follows: The notification form and the first investigation progress report that are referenced in Comm 47.71 (2) must be submitted no later than September 1, 2006. The initial progress report referenced in Comm 47.71 (5) (a) must be submitted no later than September 1, 2006.

Here is the link to the Contract Notification and Site Reporting Web-page:
